Six Indigenous Seasons

The artwork represents our connection to Country through identifying the six Indigenous seasons. To conserve habitat for future generations we learn how to protect Country by observing the celestial movements, animal behaviour and flowering of plants.

"We are proud of our culture and the artwork we have created. It represents our ancestors, our community and the importance of future shared learning".

This artwork represents the Six Seasons, a biocultural knowledge system held under Tyamateeyt Meerreeng-e (Maar Law) and carefully stewarded by Eastern Maar society, reflecting our deep connection to Country. Reproduction is approved by Eastern Maar Aboriginal Corporation as the representative body of Eastern Maar peoples.
